Video: 2008 Ford Taurus review

Free Press columnist Mark Phelan has been on the road with the 2008 Ford Taurus, and he'll let you take it for a spin, too, in his video review at **freep.com/video**. After that, check out the article and complete stats.

RUTH TO THE RESCUE

Be careful when handling knives

Emergency rooms report a lot of serious hand injuries from improper knife handling. Remember, always cut away from you, curve your fingers under, and steady a bagel on a cutting board while you slice it in two, don't hold it in your hand!

- RUTH SPENCER, LOCAL 4 NEWS

TECH TIP

External hard drive lets you add features

Newertech Ministack V3 Quad Interface from Newer Technology is an external hard drive that provides additional storage space. It gives the flexibility to add devices like memory-card readers, scanners, printers and iPods. There are seven models, from 160 GB, at $170, up to 1.0 TB, for $550. Check **www.newertech.com.**
