## **NEWER INTROS MINISTACK NAS**

Newer Technology has introduced its miniStack NAS, a Network Attached Storage system. Prices start for US\$79.99 for a do-it-yourself version that ships sans hard drive. The miniStack NAS comes in seven configurations in addition to the DIY version, in capacities ranging from 80GB to 750GB, all featuring 7200RPM hard disk drive mechanisms. They're priced from \$129.99 to \$329.99. The miniStack NAS can hold up to 750GB of storage capacity, and connects to the network using a 10/100baseT auto-switching Ethernet port. It can accommodate up to 20 users simultaneously. The device uses Ximeta's Network Direct Attached Storage (NDAS) technology.
