

## Newer Tech Storage Solution

---

Newer Technology, Inc. has announced Guardian MAXimus, a low-cost FireWire and USB2 External RAID 1 Storage Solution for consumers and professional users alike.

Guardian MAXimus is an external storage solution that works with any computer that has a FireWire 400, FireWire 800, or USB2 interface. It provides "live activity" backup/data redundancy via RAID 1 hardware mirroring, so that in the unlikely event of a hard drive failure its uninterrupted full data accessibility RAID-1 redundancy will ensure that there is no data loss. Convenient front panel LEDs display drive access and status information.
