

Toolkit helps tech do-it-yourselfers

Need to tweak a tech device? With the right tools, you may be able to do it yourself. The NewerTech 11 Piece Portable Toolkit contains tools that can help you upgrade computers and tinker with tech devices,

such as Apple iPods. You'll find an assortment of straight and Phillips screwdrivers, Torx drivers, a scissors clamp, tweezers and two nylon pry tools. The kit costs about \$18.
